

Clean Air is Life

LET US HELP PROTECT YOURS

HALO·LED™

By *RGF*®

Whole Home Air Purification System

The HALO-LED™ utilizes RGF's patented PHI-CELL® and REME® technologies to provide revolutionary indoor air purification that proactively treats the air conditioned space, reducing airborne and surface bacteria, viruses, odors, and mold spores.

REME® Cell Technology

- Recreates nature's process of purifying the air
- REME-LED™ UV technology creates low level, airborne hydrogen peroxide throughout the air-conditioned space
- Mercury free and zero ozone compliant
- Installed into existing air conditioning or heating system air ducts
- Actively purifies air pollutants at the source
- Reduces airborne and surface bacteria, viruses, odors, and mold spores

The HALO-LED™ Whole Home Air Purification System

ITEM#

REME-LED

REPLACEMENT CELL

PHIC-REME-LED / Recommended after 4.5 years

MATERIALS

Aluminum / Polymers

WARRANTY

7 years U.S. and Canada (1 year international)
